

## WHEN PROJECTS ARE DUE

Entries are due at your school no later than **Wednesday, March 3rd**. NO EXCEPTIONS. Each project must have a completed official registration form, like the one below, fastened securely to the back or bottom of your project. Home schooled students should submit their projects to the ELC on Wednesday, March 3rd.

## WHAT JUDGES LOOK FOR

- ◆ Quality
- ◆ Originality
- ◆ Following directions with regard to size and materials

All entries should reflect the work of the student. Adult participation should be minimal and limited.

For example, parents may suggest supplies, resource materials or provide general guidance, but all work should be done by the student. *Judges want to see authentic, handcrafted entries rather than computer generated, store bought presentations.*

The purpose of this contest is to encourage environmental awareness and to challenge students to creatively express his/her knowledge and understanding of our natural resources.

Questions? Call the ELC at 589-5050 or send an email to [info@DiscoverELC.org](mailto:info@DiscoverELC.org)

Winners will be announced at EcoFest on Sunday, March 7th at the
